Objective

Industrious and self-motivated MCA student with strong problem-solving and communication skills. Seeking to contribute to a dynamic team, leverage my knowledge in Python, and grow as a professional in software development.

Education

MCA (Masters in Computer Applications) – Osmania University PG College | 2022 – 2024

BSc (Mathematics, Computer Science) – Vijetha Degree College | 2019 – 2022

Technical Skills

Languages: Python, C, Basics of Java, SQL, AI, ML

Web Technologies: HTML, CSS, Bootstrap, Django, Tkinter

Frameworks/Tools: PyQt5, OpenCV, SQLite, CNN, MCNN

Other Skills: Problem Solving, Time Management, Communication, Teamwork

Projects

• Drowsiness Detection System (Deep Learning) – Built a real-time driver drowsiness detection system using Python, OpenCV, CNN/MCNN with feature optimization and Flask integration.

• Weather Detection App (PyQt5 + OpenWeather API) – Developed a GUI app to display real-time weather with error handling for invalid inputs and API issues.

• Tic Tac Toe Game (Minimax AI Algorithm) – Developed an AI-based Tic Tac Toe game using the Minimax algorithm to make optimal decisions, demonstrate game theory , AI logic.

Certifications

• Python Programming – Besant Technologies

• Python Bootcamp (Udemy)

• Introduction to AI – Simplilearn
